HAT DAY FOR MENTAL HEALTH RESEARCH.

Did you know?

Almost of 20% of the Australian population will be affected by mental illness in a 12 month period.

That's over 4 million people in Australia who suffer from a mental disturbance each and every year.

Every dollar you raise for Australian Rotary Health Research on May 17 HAT AY helps make a difference to everyday Australians suffering from mental illness. Werner Pohl

Werner gave the Club a great understanding of how Rotary started in Australia. Seems that 2 Canadians, were sent over, to convince us Aussies that it would be a good idea to start Rotary in Australia.

The first Club was chartered in Melbourne followed very shortly after by the Rotary Club of Sydney. The Rotary Club of Melbourne's will celebrate its 90th anniversary soon. Any one wanting to go it is \$ 155 per person black tie.

Werner gave us further details on various Rotary magazines and how the politics of Rotary play a part in what is published here and in other places. Even our Rotary Down Under Magazine has to contain a segment from "The Rotarian" magazine to comply with RI requirements.
