**“How Rotary can best connect with Generation Y”**

“Start small. Rather than approaching young people by asking them to join, engage them with short-term projects. Build relationships with them so they get a sense of Rotary’s DNA. When Rotarians are asked about Rotary by younger people, often they answer with how Rotary works -- the rules, traditions, and rituals. Rotarians need to explain the “why” of Rotary. Generation Y is outcome focused. Have a clear answer on why the outcome of projects is important.”

*Michael McQueen, social researcher*

**“Reach Within to Embrace Humanity”**

“We are the doers of our communities, the leaders, the ones who are most involved, who see the problems and have the means to find the solutions, I am asking you to reach within and unleash your inner power and then use it to embrace everything and everyone around you.”

*RI President-Elect Kalyan Banerjee*
