Joanna Gash Federal member for Gilmore & Friends

Joanna Gash gave the Club an interesting insight on the machinations and demands placed on her as the Federal Member. Joanna presented a number of personal observations on some of the more "interesting" proposed legislation. By the number of questions asked it clearly showed why we should invite her back again in NOT too distant future.

Some observations on life?

An 80yr old man, who was an avid golfer, moved to Milton and joined Hilltop Golf Club. He went to the Club for his first game but was told there wasn't any one he could play with because they were already out on the course! He repeated several times that he really wanted to play, finally, the assistant Pro said he would play with him and asked how many strokes he wanted for a bet! The 80 year old said 'I really don't want any strokes as I am playing quite well!' The only problem I have is getting out of sand traps.

And he did play well. Coming to the par 3-18th they aware all even!. The Pro had a nice drive and was able to get on the green and 2 putt for a par. The old man had a nice drive, but his approach shot landed in the sand bunker next to the green. Playing from the bunker he hit a high ball which landed on the green and rolled in to the hole! Birdie, match and all the money!

The Pro walked over to the sand trap where his opponent was still standing in the bunker. He said "Nice shot, but I thought you said you had a problem getting out of the sand traps?"

'I do" replied the old man. "Please give me a hand"
