Guest Speaker Dr June FitzHenry

Dr June has been a medical Doctor in this district since 1950. She first started coming here on holidays with her family in the 1930's.

She then lived with her family in the Milton School residence.

Dr June kept us all enthralled with her reminisces of her early years in the Milton district as the solitary medical officer.

President Dale acknowledged the excellent commitment Dr June has had to our district over the many years.

Life is a Game of Cricket.....

They said he was the worst captain that the club had ever had. That was a lie because he wasn't that good!!!

Tell me, do any of your fellow cricket selectors suffer from insanity?

"No!", he said. : "They all seem to enjoy it!!"

QUESTION:

What did the cannibal get when he was late for dinner?

The cold shoulder!!!

At one point during a junior football match, the coach pulled aside one of his young players and said: " Do you understand what sportsmanship is?" the little boy nodded yes. "Do you understand what playing fair is?" The little boy nodded yes.

"So." The coach continued," even when the umpire makes a dodgy call you can't swear at him or threaten to punch his lights out. Is that understood?" Again the boy nodded yes.

"Good," said the coach. "Now go over there and explain it to your mother!"
