

Last Week's Meeting Reports:

CALCUTTA

Life is a Game of Cricket.....

We laugh at our wives who cry over problems of actors in soap operas. I've no doubt that it must be of great wonder to them how we can get so excited when a person we have never met hits a six.

QUESTION:

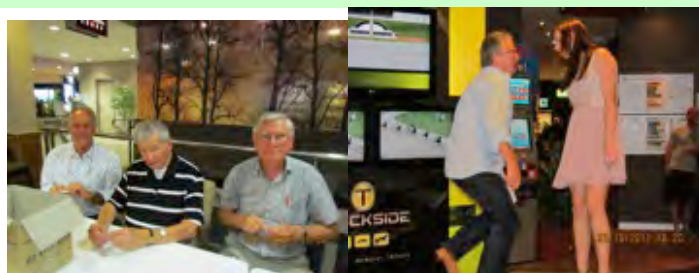

What did the grape do when it was stepped on ?
It let out a little wine.

A chemist arrives at work to see a man leaning against the wall with a strange look on his face. The chemist asks the man what the matter is.

"I wanted something for my cough. You've run out of cough syrup. So your assistant advised me to take a whole box of laxatives at once," he says.

"But laxatives won't cure a cough," the chemist says.

"Well, they have at the moment," the man says. "I'm too scared to cough."
