"80% OF THE WORLD POLIO FREE, TWO OF THREE STRAINS ERADICATED"

Article extracts from Rotary.org

Rotary Foundation Chair Dong Kurn Lee talks about the Foundation's accomplishments during the third plenary session on 3 June.

In his address to the convention, Rotary Foundation Trustee Chair Dong Kurn Lee called on Rotarians to do what they do best, raise money. He thanked the Bill & Melinda Gates Foundation for its two-to-one dollar match of every dollar committed to polio eradication in the next five years, up to \$35 million a year.

"If we spend \$35 million, they give \$70 million more," he said. "As a businessman, I see this as a good financial investment."

Eighty percent of the world is now certified polio free, and two of the three strains of the disease have been eradicated, according to [Dr. Bruce Aylward](#), who heads the polio eradication program at the World Health Organization.
