**"A MAJOR BREAKTHROUGH AGAINST POLIO"
TWO DOWN AND ONE TO GO?**

From Rotary End Polio Now, Jan 2015

Rotary and its partners in the Global Polio Eradication Initiative are approaching a significant milestone: the eradication of [type 3 wild poliovirus](#). The last case of polio caused by the type 3 virus was reported in Yobe, Nigeria, in November 2012. The type 2 virus was eradicated in 1999, leaving just type 1 circulating.

" ASK! "

Excerpts from an article by PDG and RI Director 2016-18 Noel Trevaskis

Our future is dependent on all of us asking people to join Rotary no-one else is going to do it for us, it is our responsibility. We need to ask people and ask again. One club proudly told me that their club membership plan simply was to – **"Ask someone to Rotary today!"**

Membership isn't hard, we just need to start asking people to Rotary and keep on asking and we need to do it now.

"RI PRESIDENT'S MESSAGE"

GARY C.K. HUANG, January 2015

"The goal of a Rotary Day is to shine a light on Rotary. For many years, we in Rotary felt that it wasn't appropriate to boast about our good work. We felt it was best to serve quietly and let our work speak for itself. But today, in many communities, people aren't even aware that they have a local Rotary club. Not because the clubs aren't strong, or because they aren't serving well. They are. But if Rotarians don't talk about their work, people will never know about it.

It is time for us to *Light Up Rotary* and let people know what we are doing.

If you've organized a Rotary Day in your community, tell us about it: Email details and photos of your event to rotarian@rotary.org, with "Rotary Day" as your subject line.

And if you haven't planned a Rotary Day yet, why not? It's a great way to share your love for Rotary with your community. When we tell others about Rotary and let them know how membership can enrich their lives, we share a gift that was given to us when we were invited to join our clubs. By passing that gift on, we help ensure that Rotary, and its service, will endure for generations to come."
