## FOUNDATION MONTH

It is during the month of November that we acknowledge the Rotary Foundation and, through the Foundation, the idea of Rotary "Doing good in the world". Imagine living in a world without peace, fresh water, education, disease prevention, and someone nearby able help. Well, about one third of the people of the world still live without these simple things that we take for granted.

Since its inception, in 1917, the Foundation has contributed more than a billion dollars to international aid programs, like the eradication of polio, to help those less fortunate in the world.

The Rotary Foundation is our charity and our frontline in making a difference in the rest of the world, November is the month to become active part of the Foundation, make an extra contribution and spread the Foundation's message.
