### **"PRESIDENTIAL MESSAGE"**

**Ian H.S. Riseley, President 2017-18, May 2018**

... The name of Rotary is attached to countless projects every year, from blood banks to food banks, school sanitation to polio eradication. One hundred thirteen years after the first Rotary club was founded, Rotary service reaches literally around the globe.

What that service looks like on a daily and weekly basis can vary enormously by region, country, and club. Each club has its own history, priorities, and identity. It follows that the identity of Rotarians, and the purpose each Rotarian sees in his or her service, similarly has a great deal of variation. There's nothing wrong with that, as Rotary is by design a decentralized organization, intended to enable each Rotarian and each Rotary club to serve in the ways that suit them best.

... Last June, your Rotary International Board of Directors voted to adopt a new vision statement, reflecting our identity and the single purpose that unites the diversity of our work.

**Together, we see a world where people unite and take action to create lasting change – across the globe, in our communities, and in ourselves.**

Wherever we live, whatever language we speak, whatever work our clubs are involved in, our vision is the same. We all see a world that could be better and that we can help to make better. We are here because Rotary gives us the opportunity to build the world we want to see – to unite and take action through *Rotary: Making a Difference*.

Grace: "For good food, good fellowship, and the privilege to serve through Rotary we give thanks."
