Ed Zonneveldt asked members if they can to pay for their dinner fees online by transfer as TYRO, our merchant supplier, will still charge our club for every transaction fee we do.

Craig Saunders is working on a golf day, with the assistance of the Golf Club, and if we get the chance, we should thank them for their involvement. SWEEPS sheets are ready for members to buy or sell horses. Members to try to be the Mollymook Bowling Club on Tuesday Melbourne Cup Day to be together, as there is no meeting that evening at the DLC. Craig organised special shirts for the bowling competition.

Guest Speaker David Hayden spoke on his love of water. Thomas Ord-Lees, in Shackleton Endurance, wrote if there is anything left to explore, it will have to be at the bottom of the Atlantic, that will be the goals of 2015 explorers. Some of the metals needed for energy transition, one 5MW Wind Turbine needs 15 Tonnes of Manganese, 5 Tonnes of Nickel, 5 Tonnes of Copper, 170 Tonnes of Met Coal. The bottom of the ocean is rich of deposits needed for the future.

David also said that the Data Centres are needed, but will nothing to our country,

Lucky Door Prize: Dom Fondacaro.

Raffle winner: Tony Fondacaro.

End of report.
