"PRESIDENTIAL MESSAGE"

From RI President Ian Riseley's November Message

"It is an incredibly effective model that we have here in Rotary, one that no other organization can match. We are completely local and completely global: We have local skills, connections, and knowledge in over 35,000 clubs, in nearly every country of the world. We have a deserved reputation for transparency, effectiveness, and good business practices, and because we are highly skilled professionals as well as volunteers, we achieve a level of efficiency that very few other organizations can approach".

"RESOURCES TO MEET RI PRESIDENT RISELEY'S TREE-PLANTING CHALLENGE"

From Rotary Service Newsletter, Oct 2017

President Ian Riseley challenges all 1.2 million Rotarians to plant a tree before Earth Day, 22 April 2018. The Environmental Sustainability Rotarian Action Group has compiled [inspirational ideas and helpful tips](#) to aid clubs in meeting the challenge.

Consider working with the [Food Plant Solutions Rotarian Action Group](#) to identify edible plants with the greatest nutritional value for the region where you wish to plant trees. The group can help your club and district understand the connection between plant selection and nutrition, while meeting Riseley's tree-planting challenge.
