## PRESIDENTIAL MESSAGE

***President 2017-18 Ian H.S. Riseley, February 2018***

One hundred thirteen years ago this month, the four members of Rotary's first club held their first meeting. Although no minutes were kept, it's unlikely anyone talked about service; the club did not begin focusing on the needs of the community for another few years.

In the 113 years since that first meeting, Rotary has become far larger, and more diverse, than those founding members could have conceived. We have gone from an organization that was all white and all male to one that welcomes women and men of every possible background. We have become an organization whose stated purpose is service, reflected in our motto, Service Above Self. And we have become not only an organization that is capable of changing the world, but one that has already done so, through our work to eradicate polio.
