Storyfest organiser Meredith Jaffé spoke on the Storyfest, thanking our Club for sponsoring, spoke on planning and ideas for Storyfest 2021 which is well underway. One of the ideas is for the local area to host a tourism event in the quiet time for the area.

Meredith and the Storyfest committee understand that not every child is a reader though every child loves a story with the school's program, the aim is to encourage children to write. One of the benefits of Storyfest is that there is a category for everyone. As part of the Storyfest participants were asked to participate in a survey the results from the survey will assist in planning for future years.

There were 25 events were held in 2019 quite a few of people attending Storyfest events had never attended a literature event before. One event was the school's program where the teacher tells the story than the children in the class writes a story.

Meredith informed members that two thousand children participated in the event. Some more stats; over 70% of attendees were from out of town, they stayed for two nights or more. Meredith informed members that the Storyfest committee is aiming to keep sponsors up to date with happenings. The committee are looking at using different venues for Storyfest using venues in Ulladulla, Mollymook and Milton area. The committee are looking at school children only to pay a gold coin donation for events rather than the full cost of the workshop.
