

## BULLETIN

meeting of 25<sup>th</sup> October 2022  
Volume 63 - Issue 15

### *October is Rotary's Community Economic Development month*

VP John Hozack opened the meeting at 6:30pm and acknowledged that we meet on the land of the Budawang people who are part of the Yuin nation.

A new thing, this acknowledgement, which will now occur at every Rotary meeting as the first order of business.

PP Hozack then welcomed guests being Rotary District Governor **Adam de Toth**, past member **Tom Tyquin**, Louise Garrett's guest **Anne Murray** and his neighbour and cattle farmer **Roy Brown**.

**Guy Porter's** recent experiences with prostate cancer were acknowledged with a warm welcome back. It was commented that Guy looks quite well for someone in his condition.

PP Hozack delivered a message from our new President, **Bernard Jones**, apologising for his absence as he is recovering from surgery on his feet to correct hammer toe which has been getting worse with age.

- Bernie conducted an impromptu directors' meeting at his home this afternoon to discuss the recent turbulence in the Club, and to set in train stratagems to deal with them. John reported that the meeting produced some quite positive results and the Board will investigate the reasons for the resignation of three women from the Club;
- DG de Toth came down from Canberra for this meeting. He made valuable suggestions and contributions and ratified actions so far taken towards remedies.

## ULLADULLA COMMUNITY CENTRE

**Ross Wade** tabled the annual report from UCC outlining their activities, in particular in giving moral support for the work of Safe Waters, which is also supported by RCMU. Ross is asking that RCMU support again Safe waters in an infrastructure grant application.

- Ross then gave an overview of the UCC Suicide Prevention Program which has seen nine new cases in just the last month which, rated one (mild risk) to five (severe risk) were 2 @ 3; 4 @ 4; and 3 @ 5. Their ages ranged from teens to seventies and the causes from rape and DV to loneliness.
- Their psychologist is employed just one day a week at a cost of about \$20k pa.

## GUEST SPEAKER

Unfortunately our guest speaker was a no-show.

- **Dale Wilford** was pressed into service to talk about meat and reminisced about “*back in the day*” when slaughtering and butchering was all done locally, with the butcher travelling door to door by horse drawn cart and the meat was covered with bracken fronds to keep the flies off;
- He was reticent about whether that was a better system than today’s, but not remotely reticent about decrying the changes in the Club resulting from the ageing and retired population treating it more like a dinner club, and not contributing. He made an impassioned appeal to members to bring back the values which obtained where everyone contributed something practical;
- His spray was applauded with a (loud) ovation.

## ED’S CORNER

A farmer from Texas came to Australia for a holiday, and to see how Aussies do their farming, so he stayed with a friend to show him around. They first went to a wheat farm and the farmer said “*that’s what our wheat farms are like*”; and the Texan said “*over in Texas our farms are twice the size of yours*” and so the Aussie farmer took him to a larger cattle farm, and the Texan said “*in Texas our cattle are bigger and the farms are twice the size of yours*”. The Aussie farmer just rolled his eyes and, as they were walking back through the paddocks, the Texan saw a herd of Kangaroos and asked the farmer “*what are they*” to which the farmer replied “*don’t you have Grasshoppers in Texas ?*”
